Congratulation on the 10th Anniversary

Dear Dr. Tommy Ho,

We would like to congratulate you and the Hong Kong Institute of Environmentalists' 10th Anniversary.

Sad to say and depressing but it is reality, we are living in a dying world. While most people for their selfish reasons are dumping garbage out to the open, we are glad that there are still a minority of sensible people, such as the Institute of Environmentalists who care about this world we are living in and take proactive action to save the world. We are proud to be associated with the Hong Kong Institute of Environmentalists in the past 10 years.

We are a small management consulting firm. We are working closely with World Wide Fund for the Nature Hong Kong and participate actively in Save-the-Planet Projects and activities.

Keep up the good work and looking forward to many more anniversary in years to come.

Yours faithfully,
For and on behalf of
