Congratulations on the HKIOE's 10th Anniversary

Dear Dr. Tommy Ho,

We would like to express our heartfelt congratulations on the 10th anniversary of The Hong Kong Institute of Environmentalists.

We sincerely appreciate the great contribution to the society you have made in the past decade. You have provided plenty opportunities for students to consider the environmental and civil industry as their future career and helped them to discover the career they are interested in. Furthermore, you frequently recruit students from the academies and gather environmental professionals to make contributions to the environmental conservation and sustainable development to the world.

Once again, we present our greatest appreciation and appreciation to you setting such an important milestone in environmental protection and conservation. Should the future be brighter than ever for your institute.

Yours sincerely,

For and on behalf of

Yuen Long Ping Shan District Residents Association

Mr. Cheung Wai Sum
Chairman
