Congratulation on HKIOE's 10th Anniversary

Dear Sirs,

It is my great privilege to express my most profound appreciation and respectful congratulation to the Hong Kong Institute of Environmentalists (HKIOE) on its 10th anniversary.

Over the decade, HKIOE organized multiple events in relation to the environment protection, encourages young people to care about the environment and successfully established a recognizable professional qualification as Environmentalist.

I would like to take this opportunity to thank HKIOE for its long term contributions, and wish HKIOE continuing success in the years to come.

Yours faithfully,

For and on behalf of
