CONGRATULATION ON 10TH ANNIVERSARY OF THE HONG KONG INSTITUTE OF ENVIRONMENTALISTS (HKIOE)

I am delighted to offer my heartiest congratulations to the Hong Kong Institute of Environmentalists (HKIOE) on the occasion of its 10th Anniversary, I wish to express my admiration and sincere appreciation for the achievements and realization of their mission over past 10 years not only at the forefront of efforts to promote engineering and environment excellence but also contribute and promote green, efficient and environmentally sustainable operations engineering to the benefit of Hong Kong, through training and education, conference and symposium etc.. These have promoted professional "green" engineering management over years with remarkable achievements. It is a privilege to extend my warm congratulations on this occasion

Throughout the decade, the HKIOE has made profound contribution to the advancement of the profession. It endeavours to uphold the highest standards as well as nurturing local practitioners and fostering closer ties with Macau, Mainland China (especially Bay Area) and international counter parts, meriting high acclaim and recognition from the community. There is no doubt that HKIOE will continue unflaggingly its quest for excellence for the benefits of the profession and the sustainable and green built environment of Hong Kong.

May I send my best wishes for continuous success in the years to come in the endeavours of the Hong Kong Institute of Environmentalist (HKIOE)

Yours sincerely

Ir. Dr. C.K. Hung
Chairman

Hong Kong Institution of Building and Services Engineers (HKIBSE)
