### 新聞

香港環境師學會環保大使：何恩澤、何家樑、謝祥昌、林德勝及創會會長何忠明博士獲邀參加 TVB 之《健康 100 錯節目》，當中他們擔任「健康檢測專員」，檢測香港人一般常見的健康問題，例如三高，老花，近視，肥胖及便秘等等。所以，香港環保大使十分重視環境保護及意識，他們也關注香港人的健康問題，一起為香港推廣多些健康知識，從而幫助更多有需要的人士。正所謂預防勝於治療，環保和健康也必須重視，因為兩者都是息息相關，互相影響。

感謝分享，祝會務昌盛，多謝支持！

### News

The Environmental Ambassadors of the Hong Kong Institute of Environmentalists – Jimmy Ho, Ho Ka Leung, Legend Tse, Lam Tak Sing and the founding President Dr Ho Chung Ming were invited to participate in TVB's 'Health 100 Mistakes Programme', in which they served as Health Test specialists to detect common health problems in Hong Kong people, such as three-highs, presbyopia, myopia, obesity and constipation.

Therefore, the Hong Kong environmental ambassadors attach great importance to environmental protection and awareness, and they also pay attention to the health problems of Hong Kong citizens, and they promote more health knowledge for Hong Kong together, so as to help more people in need. As the saying goes, prevention is better than cure. Environmental protection and health must also be paid attention to, because both are closely related and affect each other.

Thank you for sharing, I wish the conference prosperous, thank you for your support!
