Speaker:

Mr. James WONG
MCIOB FICWCI MGAI DipGAI
Chartered Builder
Registered Architectural Ironmonger

Mr. WONG is the Managing Director of Key Technologies International Ltd, bringing over 45 years of experience across a wide spectrum of the construction industry — spanning construction, inspection of materials and workmanship and project management roles.

A Chartered Builder and Fellow Clerk of Works, Mr. WONG is the first UK Registered Architectural Ironmonger RegAI in Hong Kong — an internationally recognised benchmark for professional competence in architectural ironmongery.

Mr. WONG was instrumental in establishing the Institute of Architectural Ironmongers HK Branch in 2012 and served as the branch Chairman for 3 years. He currently acts as the Ambassador for the Guild of Architectural Ironmongers HK Community Hub, a role through which he continues to contribute his passion in uplifting the professional standards in architectural door hardware across Asia.

Highlights of the Seminar:

Agenda:

1. The Importance of Ironmongery Specification:
 - Named products vs performance standards
 - What is missing and why it matters
2. Normal Practice
 - Industry practice
 - Definition of suitability in use
 - Risks of relying on non-qualified ironmongers
3. Project Case Studies
 - How to balance ---
 - Operational;
 - Functional;
 - Aesthetics; and
 - Statutory requirements using product knowledge, experience and innovative solutions
4. New Product Showcase
 - Battery-free stand-alone electronic cylinders
 - Eliminating the pain points of mechanical key system
5. Registered Architectural Ironmongers RegAI:
 - How engaging a qualified professional from the outset is the most effective way to Get it RIGHT in the first place
6. Q&A session
